

Fees and Donations for events

Administration Fee

For the processing of an application for the use of National Trust land there is an administration fee of £50 inc of VAT. This fee is paid at application, and will not be refunded if your application is not successful. That fee covers the time and systems that are needed to look at your application, deal with any relevant tenants, look at gaining permission for protected sites and helping you with your application.

Costs for use of land

If the event is creating a static base on National Trust land then there are charges for the use of that land. Whether this is managed by National Trust or tenants. The National Trust are the organisation who will grant permission to use the land, only after consulting with and taking the wishes of the land manager. This charge will be invoiced for post event by the National Trust. That money will then go to the person that manages that land. So if the land is managed by National Trust, the money goes straight to that property for the upkeep of that land. If the land is managed by a tenant farmer, then farmer will receive the income for the use of that land. There is a menu of prices, the more infrastructure you put in, the more it will cost. See table below

Donate to help us conserve The Lakes to keep it a special place for events

The National Trust is a conservation charity that relies on donations and support – please help by working with us and donating to protect the landscape - we suggest event organisers to donate 3% of each participants entry fees after the event – this donation will help give a little back to maintain and repair the land for future events **it's not a lot to give back to help us keep the Lakes looking great.**

Your donation as an event provider will contribute towards conservation and repair projects across The Lake District such as [Fix The Fells](#). eg £30 is needed to repair 1 footstep of a stone path and £100 to repair 1 meter of a stone path. Without your kind of donations we cannot continue to maintain the environment in a way that will inspire your participants to come to your events.

Concessions

All concessions need to be approved before the event as part of the agreement. All concessions need to pay 20% of takings to the National Trust for that event. The event organiser is responsible for collecting the evidence of this and paying the National Trust.

Prices for use of Land to hold a static base

These prices are per 24hrs. Everything in red will go to National Trust. Everything in green will go to the land managers

Staff time in preparation or running of event beyond granting permission. E.g. Removing gates, unlocking venues	£15 per hour
Tenant time in preparation for event	At cost of tenant
Resources for the preparation of the site by NT Staff or tenant	At Cost
Land used as impacted upon. E.g. If you need a 10 acre field empty of stock then this is 10 acres impacted upon. If you are using a 1 acre corner of the field then it is only that area impacted upon	£ 200 per acre
Small structures; Pop up Gazebo, Arches	£ 15 per structure
Large Structures; Marquees	£ 45 per structure
Camping (Unless on a National Trust campsite then its at normal campsite costs)	£ 2 per person per night
Parking (Unless on a National Trust car park, then its at normal parking costs)	£ 1 per car
Bringing Portalooos onto site (We will check that the number of toilets you plan to bring on site meets requirements that can be found on many portaloo hire company websites)	£ 15 per structure
Use of National Trust Toilets and Showers	£ 150
Generators on site	£ 5
Use of Water	£ 10
Use of Electricity	£ 10
